

To promote and to preserve the history of women in medicine and the medical sciences.

2009 Alma Dea Morani, M.D. Renaissance Woman Award

Dr. Nadelson, Director, Partners Office for Women's Careers, Brigham and Women's Hospital (Harvard Medical School), Boston, Massachusetts, was named the 2009 Alma Dea Morani, M.D. Renaissance Woman Award recipient by The Foundation for the History of Women in Medicine (FHWIM). Wilma Bulkin Siegel, M.D., chair of the FHWIM Awards Committee, announced, "Carol Nadelson has had a major impact on the career development and advancement of women physicians and scientists throughout the world, making her an ideal candidate for the Alma Dea Morani Renaissance Woman Award."

Dr. Nadelson pioneered work in the women's health and mental health, dedicated herself to the education and mentoring of students, physicians and the public, and provided inspirational leadership in psychiatry and medicine. She has steered an unusual course in academic medicine, devoting herself to innovative and evolving areas of investigation, clinical understanding and education. Her work has left an indelible mark on patients and on generations of students and colleagues.

Foundation Advisories Formed Join Today!

Three advisory groups have been formed to support the priorities of the Foundation: Oral History, Research Fellowship, and Awards/Scholarships. Each Advisory is chaired by a Foundation Board member. Advisories exist as a way for colleagues and friends of the Foundation to lend their expertise, opinion, interest and support. Much like listserv, the Advisories will function primarily by email, and will solicit feedback from its members.

The Oral History Advisory

The Oral History Advisory would concentrate on identifying subjects of oral histories, providing visibility and national publicity for oral history projects, and securing funding to continue the program. Members of the Advisory interested in developing policy and procedure for the Foundation's oral history program would be

The Research Fellowship Advisory

The Research Fellowship Advisory would lend visibility to the fellowship grants available through the Foundation, in some cases serve to select fellows, and help to publicize and utilize the research materials provided through these fellowships. Advisory members would also help to identify and secure funding for named fellowships.

The Awards/Scholarships Advisory

The Awards/Scholarship Advisory would participate in the nomination process for Foundation awards so that well-qualified nominees will continue to be submitted for the awards. The Advisory will also generate ideas for publicizing the awards and scholarships nationally, helping to educate the medical community to the programs the Foundation has to offer.
